

Good evening, everyone, and thank you for being here at our Open Evening. My name is Jenith Jeyaseelan, and it is a privilege to be standing here as head boy at St Gregory's

What truly makes St Gregory's special, in my opinion, is how we don't just talk about our Catholic ethos we live it. Every day, in everything we do, from our charisms of generosity, service, and respect, to the way we support each other, we embody these values. It's not just about academic growth here, it's about spiritual and moral growth too. Whether it is through our many fundraising events such as how me managed to raise over 1000 pounds for the charity of healing little hearts or the way our community comes together, it's these values that make St Gregory's unique.

What has always stood out to me is the sense of unity at this wonderful school. From the moment I came here I felt a warm and welcoming environment here.

St Gregory's also has a vibrant extracurricular program that encourages students to explore their passions, whether in sports, music, performing arts, or even community service. Our school fosters not just academic achievement, but the development of well-rounded individuals. I, personally, have been involved in science clubs, basketball clubs and career help clubs and it has shaped me into a more confident and disciplined person.

To end my speech, I'd love to say I am truly grateful for the opportunities that St. Gregory's has given me. As Head Pupil, I would be committed to upholding our values and supporting every student's growth. Together, we can continue to make St. Gregory's a place where everyone can thrive.

Thank you.
